Grand Knight's Message

Review of the last two years, Part 1

As I near the end of my time as GK it is a time to reflect on the changes and developments and that we have seen at 4618. In the present column I will talk about some of the *changes* that have occurred during the last two years. In the next, and also the last message of this GK, I will talk about some of the *exciting developments* that have occurred during this time. Hang on; this is going to be a long column.

Retention

We need to compliment the efforts at membership retention that were begun under PGK Tom Freundsuh, carried on under PGK Dave Uerz and managed by our FS Ed Wynne. Ed has done a wonderful job of managing the membership roster and we have cleaned it up to the point where the membership rolls are now crisp and updated. This has been a major task and one that has been extremely well managed.

Membership

Of course, when it comes to membership we think about the magnificent role that Dave McCoy has done as Membership Chair for the last three years. Dave has brought innovation and commitment to the role and we have seen steady membership growth.

Charity Dinner – A Good Idea?

Sometimes not all changes are effective. Since so few attendees actually got up to dance, at a meeting of the 2010 Charity Ball Committee held at this GK's house, this GK suggested that the event be changed from a Ball to a Dinner. Attendance was down this year. I hope this is not because of this change. Future Charity Dinner Committees will look at this and decide whether or not this was a good idea.

Financial Aspects

We have seen major gains in this area and it is useful to review them once again. We have an active finance committee which was established during PGK Freundsuh's term of office and continued under PGK Uerz's term to this time. PGK Uerz has taken the role of Chair of the Finance Committee and we have seen the Council move to a new level in terms of our financial management. PGK Uerz has also developed and implemented a financial procedure manual for guidance in the financial issues of the council.

Further, we have developed a *line item budget* for the council modeled after the format of a multimillion dollar human service agency this GK worked for before entering into private practice and other organizations I have been associated with. Now we can track our expenditures during the year, monitor our spending and determine

(Continued on Page 2)

(Continued from Page 1)
 where we are in relation to the financial goals and expectations set up prior to the budget year. To help with this, effort I suggested that we change our fiscal year from the Columbian year starting on July 1, to the calendar year starting on January 1, so as to coincide with our dues revenue stream which is also on a calendar year basis. This has made financial planning so much easier.

Along this line, perhaps one of the most difficult tasks for this GK was to bring all the Council and WCC bank accounts to be in only one bank and to be in a position to be monitored by at least one person. That is, as I have said before, now one person is able to look at the status of all our accounts and have an overall view of all accounts and know the total revenues and account balances of the both Council and the WCC.

While improvements have occurred, there is more that can be done. We hope to enter into discussions with some of our members who have professional experience with financial matters for advice and guidance in the near future.

Ritual

Also, during the last two years we have tried to engender a greater level of ritual in our meetings in hopes of reminding ourselves that our meetings are a form of ministry rather than just business meetings of a group of well-minded individuals. It is hard to remember to salute the GK before and AFTER rising to speak, but doing so does add a sense of religiosity and ritual to our meetings and reminds us that we are doing the Lord's work.

Front and Center

We have also asked people to come forward to use the microphone when addressing the meeting. This does add time to the meetings, but it also *adds a level of significance* to what is being said by formalizing the presentation. It is understood that some of our members have strong, resonant voices and don't need the sound system in order to be heard, but not everyone does, and if all use the mic, it then it sets a good example for those of us who do need it. Additionally, as I have mentioned, a significant number of us use hearing aids and *do* need the extra assistance that the sound system provides.

Recognition of Long Term Members

We implemented new procedures for the recognition of our Honorary and Honorary Life members in a more formal way. This is a direct consequence of the work that FS Wynne has done in attending to our membership rolls. Ed discovered that many individuals had been overlooked and it seemed a good idea to do something to recognize their achievement in a special way.

Reorganization of GK role

Being GK is a wonderful and very fulfilling experience and it is a significant honor to be the titular head of such an elite organization; however, it can be a difficult task to fill because of the many directions in which the GK is pulled. To this end we carved out many duties that could be assumed by other members – in particular the DGK, so as to make this role of GK more manageable. Already, DGK Dean Hamingson has had strong impact: our annual events calendar is well organized with dates and event chairs already in place for 2011 – 2012; Culture of Life activities and Parish Round Tables Pro-

gram have been formalized and are moving forward under his direction. Hopefully future GKs will find the role much easier than it has been.

WCC

Major changes are occurring in the WCC also. Thanks to the work of Barney Quinlan bookings have increased tremendously and revenues are up to such an extent that the possibility looms that - exclusive of capital expenditures - the WCC operating expenses might be *totally supported* by earned revenues from bookings and bar income. If so, this would free more revenue from Bingo and Bell Jar for charitable donations. Additionally, next time you come to the WCC look up. You'll see a more attractive ceiling in progress – a major improvement for a major eyesore. Thanks to Barney and Joe Frate for their help with this important improvement.

New Websites

Early on in 2010, PGK Dave Stein set up a website for Trinity Council, the WCC and the Cuddy Assembly. These websites are a *very important* additions to the operations armamentaria of Trinity Council, providing both members and the general public a way to find out information about these entities. Addresses are: www.websterknights.org, www.webstercolumbuscenter.com and www.cuddyassy.org. By the way, the council website was recognized at the 2011 Annual New York State K of C Convention. Thank you PGK Stein.

Brother to Brother and New Member Handbook

Finally, it is important to remember that thanks to Brother Jerry Ryan – recent transferee to Florida, these programs have been implemented adding additional important operational armamentaria for Trinity Council 4618. The Handbook can be viewed by connecting to our website at www.websterknights.org.

Its been an exciting two years. In the next, and my last column, we will review the significant things that have occurred during this period and thank those who have helped. In the meantime,

VIVAT JESUS,

Joe Kozelsky, GK

**Help Wanted:
Webster Columbus Center**

We have need for some able bodied teenagers on an ad hoc basis to do some work at the WCC. Typical tasks will include party set up and take down (mainly tables and chairs) and acting as parking lot attendants for parties and Bingo. Pay would be \$8.00 per hour.

If you know of any suitable and interested youth (grandchildren, children, neighbor children), please ask them to send contact information to Barney Quinlan, Manager of the WCC ("Barney Quinlan, Guard") <bq002ny@aol.com>, so they can be put on his list. **Or call: 645-2351**

A Call to Action

Gov. Andrew Cuomo and gay "marriage" advocates are pulling out all the stops in their attempt to end our traditional and historic understanding of marriage as the life-long union of a man and a woman. The Governor is touring the state and backing an expensive media campaign in an attempt to pressure Senators from both parties into authorizing same-sex "marriage." These advocates are planning to descend on the state Capitol in force soon in their final push. It is critical that you CALL your state Senator immediately to say you are a constituent and you are counting

on his or her vote to defend the institution of marriage.

Anyone who attended the 9th Annual New York State Council Prayer Rally (to be featured in the June 2011, Empire State Bulletin)heard loud and clear, the message above, that within the next few weeks, pressure and possibly a vote will be upon the New York State Senate again in regards to gay marriage.

Every Brother Knight of our order in New York State is urged to call your State Senator to oppose this.

Call your Senator today to preserve traditional marriage

Let Us Pray

For our Veterans, that we always remember those who have given their lives for our freedom and that we support our troops as they return home. We pray especially for Josh Steinhilber, a fellow Brother Knight from Trinity Council and for Peter and Michael Freunds Schuh now in Afghanistan.

Prayer for our troops: Lord, hold our troops in your loving hands. Protect them as they protect us. Bless them and their families for the selfless acts they perform for us in our time of need. We ask this in the name of Jesus, Our Lord and Savior. AMEN

For our Seminarians, that the Lord gives these men the strength to remain committed to answering God's call to serve Him and his people in a special way.

For members of the Permanent Deaconate Program, especially Rick Rall from Trinity Council. That the Lord will encourage them in their studies and help them find the right balance in their lives for their studies, their families and the Lord's calling to do his work.

Our Council Brethren and family members and who are ill, under treatment or recovering.

MONETARY REQUESTS: Must be submitted in writing by an Auxiliary member prior to the next board meeting for discussion and review. Please provide the name of the organization/person for donation, along with a brief description of needs. Forms are available from the Auxiliary President.

Auxiliary Board Meeting:

August 25th – 6 PM – at Kathy Uerz's

Thoughts:

A sincere thank you to the wonderful officers, all members of the Board and all the members of the Auxiliary who helped make my 2 years as President smooth and productive ones. I cannot tell you how much I have enjoyed serving as your president and will continue to support our good works and prayers. Thank you for giving of yourselves when we reached out for help. It takes many hands to accomplish all the good works we have done through this great organization. Hopefully I will see most of you at the June Banquet but if you are unable to be there, I wish you, and your families, a very pleasant and relaxing summer and I look forward to seeing everyone in September.

Editor's Note: The following is an excerpt from the May 2011 issue of the Empire State Bulletin

Putting our Financial House In Order

My Brother Knights,

Simply put, we could not continue the manner in which the New York State Council conducts business.

Since 2001-2002, the New York State Council membership has declined by 8887 members. There are 9966 less members paying per capita. This by itself, has meant a loss of close to \$30,000 in income. The annual Charitable and Benevolent Drives have seen decreases by as much as 35,000 books in the last couple of years. Financially speaking, the State Council was headed on a collision course, if the road it travelled, did not straighten out.

This year's officers have worked diligently to steer the State Council on a more forward path. The financial plan was presented to the 380 plus delegates at this years convention. It was met with rave reviews

The key points are as follows:

- ◆ The Scholarship and Grant Fund which requires \$48,0000 will move from the General Fund to the C&B Fund. This will make all charitable requests and proceeds point to one source, the Charitable and Benevolent Fund.
- ◆ Income to the General Fund will only be sourced from

members per capita tax. No longer will any administrative expenses derive from any C&B proceeds.

- ◆ Continued work by this administration and the next of State Deputy Elect, Salvatore Restivo is needed to cut the budget on an average of 15%.

This is just the basis and beginning of where we are headed. In order to ensure our initial financial roadblocks can be cleared with sound fiscal management, two resolutions needed to be presented to the delegate's at this year's convention. They center around the following:

- ◆ Jump starting the Charitable and Benevolent Fund so that it can meet it's required outlay, especially with the addition of the Scholarships and Grants and.....
- ◆ Providing additional income to the general fund to meet it's required outlay.

The resolutions for your perusal are below.

OFFICER'S RESOLUTION#1- FEBRUARY 21,2011

WHEREAS, in May 2006, New York State Council of the Knights of Columbus, at its annual Convention, passed a resolution authorizing the State Treasurer to invest the sum of \$375,000. into the "Christopher Fund", a charitable investment trust managed by the Supreme Council of the Knights of Columbus, by depositing said sum into the investment account held in the name of Knights of Columbus Charities USA, Inc., d/b/a/ the

Christopher Fund, and

WHEREAS, the New York State Council wishes to withdraw monies from the Christopher Fund for the purpose of making monetary donations to charitable causes selected by the State Council, and

WHEREAS, New York State Knights of Columbus Charities, Inc., was duly incorporated by the New York State Council under the not-for-profit laws of the State of New York, for the purpose of assisting the State Council in accomplishing its charitable mission, and is recognized by the internal Revenue Service as a tax-exempt charitable entity under IRS Section 501(c)(3) of the Internal Revenue Code, therefore be it,

RESOLVED, that the New York State Council does hereby petition the Supreme Council, as custodian of the Christopher Fund, to withdraw the sum of \$80,000 from the Christopher Fund and that said sum of \$80,000 be paid to its designated charitable beneficiary, to wit, : New York State Knights of Columbus Charities, Inc., for distribution to charitable causes selected by the State Council, and the State Council stipulates that all future earnings on the remaining sums on deposit in the Christopher Fund be paid to the said beneficiary, it being understood that all other terms of the original depository agreement and rules of the Christopher Fund shall remain in effect.

State Advocate
Chair of the Resolutions Committee

Resolution passed unanimously.

OFFICER'S RESOLUTION #3, FEBRUARY 21, 2011

WHEREAS, the NYS Knights of Columbus Council was organized to further and assist the work of the Order by the Supreme Council, and to fulfill the vision of its founder the Venerable Michael J. McGivney in the practice of the principals of Charity, Unity Fraternity and Patriotism, and

WHEREAS, in furtherance of same, the State Council operates, manages, funds and maintains a multitude of programs and activities for its members, participants and the public good at large, and

WHEREAS, over the course of years economic necessities have increased requiring a per-capita assessment to fund such activities

and management, and

WHEREAS, the percentage of members exempt from payment of said per capita has risen to historic levels, while the overall membership of the State has declined over 20% over the past 20 years, **and the per-capita assessment is at lowest rate in the U.S.A**, resulting in sharply reduced funds to operate the State Council, in furtherance of the work of the Order, and, therefore, be it

RESOLVED, that the per-capita levied by the NYS Council upon non-exempt members be raised the sum of \$.55 (55 cents) per members making the total per-capita due in the sum of \$3.50, per member.

State Advocate
Chair of the Resolutions Committee

Resolution passed unanimously.

END OF RESOLUTIONS

The bottom line to all of this activity is that from here on out, all charitable activity will be handled by the C&B account and all general expenses of the New York State Council will be handled from it's own account. We will be much better off with the actions that have taken place thus far. Together we met a challenge that will keep us on the road for years to come.

Fraternally yours;

Arthur J. Harris
State Deputy

Albany Prayer Rally
Don Bell, PGK

On Tuesday, May 10, six Trinity Knights joined with forty other brother Knights from the Finger Lakes Chapter embarking on a brief but impressive journey to our State Capital. Those Trinity Knights included State Council Communications Director, Tom Freundsuh, PGK, Tom Goundry, DGK, Dean Hamingson, Art Manning, Dave McCoy, and Don Bell, PGK.

Although the gathering of Knights was somewhat sparse compared with previous years, we were embraced by a warning sun while listening attentively to several clergy and sixteen representatives as each addressed enthusiastically the issues about which we assembled. Sprinkled among their supportive banter were several recitations of the Rosary by those present indicating a tangible, prayerful support in defense of and in opposition to certain vital issues which continue to challenge our Catholicity and it's principles to which we adhere, as well as, the eroding of New York State's moral fabric regarding life issues, stem cell research, same sex marriage, the ability to administer and practice medicine (unencumbered) by state mandates, and choice of educational systems in which our children may participate and grow.

This event was the ninth consecutive annual attempt on behalf of the New York State Council of the Knights of Columbus to encourage our collective presence to openly support, pray for and petition our State representatives in defense of our Catholic Faith; those who minister to us and our Christian values.

What if your last paycheck was your last paycheck?

by **Thomas P. Smith Jr.**
Executive Vice President
(Agencies and Marketing)

As I am sure most of you know, the Order has what some would call a limited product line. We sell life insurance, retirement annuities, and long term care insurance. It is not because we can't or couldn't sell a variety of other products and services; rather it is because we believe in being very good – not just good but very good – at what we do, and no one who tries to be all things to all people can be very good at everything. You've heard the phrase "jack of all trades, master of none"? Not us. We're the masters of what we do.

So it isn't very often that we get to share the excitement of a brand new product with you, but this is one of those times. Effective April 1, in the United States and Canada, the Order will offer our client base a disability insurance product, known as [Income Armor](#). Fundamentally, this product offers monthly payments to the insured to replace income lost when the insured is unable to work due to

accident or illness. It is a critical form of insurance that protects your paycheck. After reviewing the product for some time, we decided it fits our sweet spot and is clearly in keeping with our mission: insuring our members and their families against financial risk. Risk of death, yes... risk of inadequate retirement income, yes...risk of catastrophic costs associated with long term care, yes...and now, insurance against the loss of income that a disability would bring.

The first question you may ask yourself is "what are the odds of me becoming disabled and ever needing paycheck protection?" Here's your answer: nearly one in four men can expect to suffer a disability that keeps them out of work for 90 days or longer at some point during their working years. For women, the odds are worse: one in three. And are you ready for this? One in every seven workers can expect to be disabled for

five or more years before retirement. Troubling statistics. Basically, if you do not currently own paycheck protection in the form of disability insurance, and you have a job, you need it. Trust me.

So the question becomes where do you get it? We saw a need for our members to have a source where they can go to get the protection they need from a strong, stable, consistently steady financial institution. Where, once the purchase is made and premiums are paid, there is no need to worry about whether or not the company can back up their promises. Like everything we offer, you buy it, you pay your premiums, and you leave the rest to us. That's a pretty good deal in this day and age.

I encourage you to talk to your agent about protecting your paycheck with [Income Armor](#).
